THE DAHLIA PACKAGE

Month-of Coordination

\$750+

Month-of coordination services allow the newlyweds and their families to fully focus on their happiness and excitement. All the while, your coordinator will oversee vendors, create and manage your full-day timeline, and address any last-minute challenges that may arise before or during the celebrations. Once booked, we will schedule a series of **three** formal meetings where we will have detailed check-ins about the planning process as we near the big day. In addition, we will start our detailed coordination services one month before the wedding, with frequent contact with one another. One week before the wedding, we will provide you, your vendors, and any other relevant members with a detailed wedding packet. This will include information for the wedding party and family as well!

Your wedding will be directed and coordinated by our lead designer and owner, certified wedding planner Jacqueline Gibson. Your event will also have one assistant who will be present throughout the main parts of your event to ensure everything runs smoothly.

For a full list of month-of coordination services, please read below:

Primary Consultation Three months before the wedding date Let's get to know one another and discuss your wedding day goals, your overall wedding style and vibe, and more important details for the day.

Secondary Consultation One month before the wedding date We'll schedule a walkthrough at the venue to discuss specific details as they pertain to floor layout, ceremony/reception placement, etc.

Final Consultation Less than two weeks before the wedding date One final meeting before the big day to confirm all last-minute changes or details...don't worry, we'll still be available to you throughout the entire week!

Of course, we will be communicating outside of these meetings as various topics of questions come up, and you can always reach out to me or my assistant at any time via text message or email.

Coordinator + Team Coordinator will be onsite for 8 hours, beginning upon arrival. Assistant will be onsite for 4 hours, beginning upon arrival. Any additional hour is \$75/hour per team member.

Detailed Wedding Packet: A multipage document containing a detailed full-day timeline, digitized ceremony and reception layouts, and any more important day-of details.

Contents include (but are not limited to):

Day-Of Schedule A custom full-day schedule based on photography timeline, vendor arrivals, HMU schedule, etc.

Ceremony Outline + Layout A digital rendering of your ceremony space PLUS a formal outline for your ceremony processional/recessional, including full names of family members and wedding party (this is perfect if you are planning on having wedding programs available)

Reception Schedule + Layout We will work with your DJ to create the order of events for the reception, including song selections, special moments or elements, and send-off PLUS a digital rendering of your reception space

Ceremony Rehearsal A 45-minute rehearsal the night before OR morning of the ceremony. Rehearsal type varies and is dependent on the venue location.

Please note that Powell's Bouquet will not be responsible for decorating the ceremony or reception spaces; however, they will ensure that your venue is presentable. Additionally, Powell's Bouquet will not provide linens, novelty items, or rentals.

THE CALLA LILY PACKAGE

Content Creation Services

Content Creation services are ideal for our clients who want behind-the-scenes moments of their wedding day without being stuck behind a screen themselves. We work with your professional photographer to help capture the perspective of guests, along with details like decorations, facial expressions, and special moments of the bride and groom. Based on your selections, we'll create a variety of "postable" footage including post-ready content like TikTok videos, Instagram Reels, Stories, or Posts, as well as raw photos and videos for the newlyweds to use as they wish.

This package includes a consultation at the time of booking, frequent contact beginning a month before the wedding, and a detailed check-in 1-2 weeks before your event date. The client will create a playlist/folder with similar content they wish to be captured of their day, and the creator will share several ideas and inspiration posts to the client as well. Your content creator will be our lead designer and owner, certified wedding planner Jacqueline Gibson. If you select our premium option, your event will also have one assistant who will capturing footage as well. All footage will be delivered to client via online Google Photos folder, so the client will need access to a Google or Gmail account.

500/\$100	Raw Photos & Videos <i>Unedited photos and videos (light and color correction)</i>
\$75	Post-Ready Photo & Reel <i>An edited photo post, Reel or TikTok video</i>
\$100	Highlight Reel <i>A curated TikTok or Reel with a compilation of the full day (within coverage)</i>
\$50	Finish-Later Reel <i>A curated "transition" TikTok or Reel for the couple to finish later!</i>
\$150	Story Takeover <i>Multiple Story uploads throughout day (4+ hours of coverage required)</i>
\$100/hr	Lead Content Creator <i>Assistant creator who will capture additional raw footage</i>
\$75/hr	Second Content Creator <i>Assistant creator who will capture additional raw footage</i>
